

1. Claims 1-19 are pending and stand allowed in the application.
2. The Notice Of Drawing Inconsistency With Specification (notice) states that Figure 8C of the drawings filed on January 20, 2004 is inconsistent with the Brief Description of the Drawings in the specification. More specifically, Figure 8C of the drawings is not listed in the Brief Description of the Drawings in the specification.

In response, the Brief Description of the Drawings has been amended to include a brief description of Figure 8C, i.e., -- FIG. 8C is a cross-sectional view of the flash memory cell of the present invention. -- No new matter is believed entered by this amendment.

3. It is noted that the present notice does not refer to the drawing replacement sheets filed on August 4, 2005, via applicants' amendment under 37 CFR 1.312 (312 amendment). The drawing replacement sheets included with the 312 amendment corrected certain errors discovered in Figures 1A, 4A, 4B, 8A, 8B, and 8C of the drawings.

Applicants respectfully request the entry status of the 312 amendment.

4. No fees are due with this communication. The Commissioner is hereby authorized to charge payment of any additional filing fees required under 37 CFR 1.16 and any patent application processing fees under 37 CFR 1.17, which are associated with this communication, or credit any overpayment to Deposit Account No. 50-2061.

Respectfully submitted,
